

DC CHARGER FOR ELECTRIC VEHICLE CHARGING

Model	BPDC30KEU
Ingress Protection	IP54
Work Altitude	2000m
Work Temperature	-20 °C~+55 °C
Storage Temperature	-40 °C~+85 °C
Installation	Wall-mount or Pole-mount
Product Dimension	780* 580* 205.5 mm(H*W*D)
Net weight	67 kg
Start Mode	POS/RFID Reader/Plug&Play/APP
communication	LAN/4G
Input Voltage	380V/AC±15%, 3P+N+PE
Rated Power	30 KW
Voltage Range	150-1000 V/DC
Rated Current	5-100 A
Safety	Short circuit Protection/Over Load Protection/ Over Temperature Protection/Leakage Protection/ Over and Under input Voltage Protection/ Over and Under Outout Voltage Protection/ Over-current Protection

30KW EU Standard DC EV Charger

Simple and clearInterface

Fashion design structure

Easier to install and use

Good vehicle compatibility
